## TELE-STROKE PATIENT QUESTIONNAIRE

I am a patient

I am a patient’s family member or friend

I/my friend/my family member was seen in the Emergency Department on: \_\_\_\_\_  
Date

---

### PART A: PRE-TREATMENT

---

1. I was given a ‘Tele-stroke Patient Information’ Brochure.

- Yes                       No

***If you answered yes to the above please answer the following questions:***

A. The tele-stroke brochure was easy to understand.

- Yes                       No

B. The tele-stroke brochure provided enough information about the tele-stroke program     Yes                       No

C. The telestroke brochure provided enough information about the treatment of stroke

- Yes                       No

D. Overall I thought the tele-stroke brochure was:

- |              |                  |                  |
|--------------|------------------|------------------|
| Very Helpful | Somewhat Helpful | Not Very Helpful |
| 1            | 2                | 3                |

2. I was informed by the doctors and nurses in the Emergency Department that a neurologist would be consulted to assist with treatment.

- Yes                       No

***If you answered yes to the above please answer the following question:***

- A. My questions about the process were answered in a satisfactory manner by the doctors and nurses in the Emergency Department
- Yes                       No

---

## B. TREATMENT

---

1. I experienced a videoconference with a neurologist.
- Yes                       No

***If you answered yes to the above please answer the following questions:***

- A. After the neurologist was contacted:

I was able to hear the doctor clearly                       Yes    No

I was able to see the doctor clearly                       Yes    No

I was able to understand instructions                       Yes    No

I was able to ask questions                       Yes    No

I was able to understand the answers provided                       Yes    No

- B. Compared to visiting a doctor in person, this experience was:

Much easier    Easier    Same    More Difficult    Much More Difficult

1                      2                      3                      4                      5

- C. Overall, the experience of ‘seeing’ a doctor in this way was:

Very Satisfactory    Satisfactory    Neither Satisfactory    Unsatisfactory    Very Unsatisfactory

Nor Unsatisfactory

1                      2                      3                      4                      5

2. I was given a special drug called tPA.

Yes

No

***If you answered yes to the above please answer the following questions:***

A. I was notified of the possible risks and benefits of tPA

Yes  No

B. I understood the possible risks and benefits of tPA

Yes  No

---

### **ADDITIONAL COMMENTS**

---

***Please add any further comments that you/your family member/your friend may have about this experience:***

---
